+"security service" +private +database +DAR timesheet timec   SEARCH
Nothing Found

Your search for **+"security service" +private +database +DAR timesheet timecard timekeeping clockcard** did not return any results.

You may want to try an Advanced Search for additional options.

Please review the Quick Tips below or for more information see the Search Tips.

Quick Tips

- Enter your search terms in lower case with a space between the terms.

  ```
  sales offices
  ```

  You can also enter a full question or concept in plain language.

  ```
  Where are the sales offices?
  ```

- Capitalize proper nouns to search for specific people, places, or products.

  ```
  John Colter, Netscape Navigator
  ```

- Enclose a phrase in double quotes to search for that exact phrase.

  ```
  "museum of natural history" "museum of modern art"
  ```

- Narrow your searches by using a + if a search term must appear on a page.

  ```
  museum +art
  ```

- Exclude pages by using a - if a search term must not appear on a page.

  ```
  museum -Paris
  ```

Combine these techniques to create a specific search query. The better your description of the information you want, the more relevant your results will be.

```
museum +"natural history" dinosaur -Chicago
```

> In this paper, we will present an architecture for developing a system reliant upon trusted Ada software, and some of the lessons learned in our having done such a development. Some background on trusted software and the trusted information systems within which such Ada software operates is provided, as well as some theoretical and practical aspects of the use of Ada in developing these systems. The notion of a trusted computing base (TCB) is presented and defined. A generalized trusted sof ...
